

Menu only shown, when this logo clicked. Menu disappears on new page load. Stops kids pressing buttons/seeing scores by accident

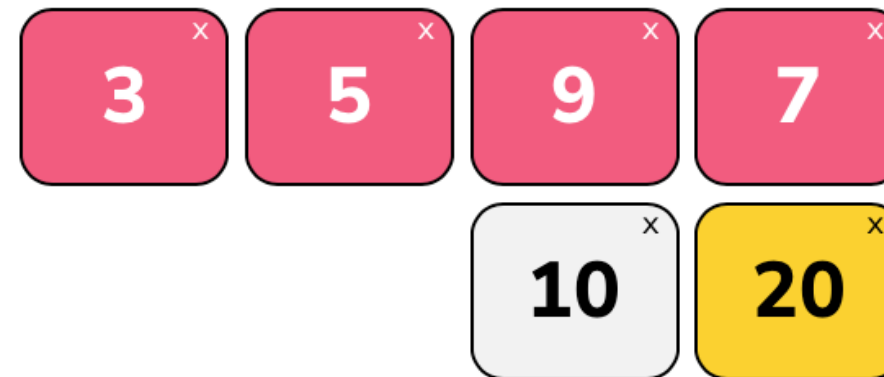

Start again

New "start again" button only coins page. Clicking it takes you back to "scan your wristband page"

Start again

Welcome back,
Asparagus 

Start scanning your points cards

Finish Scanning

Points added:

54

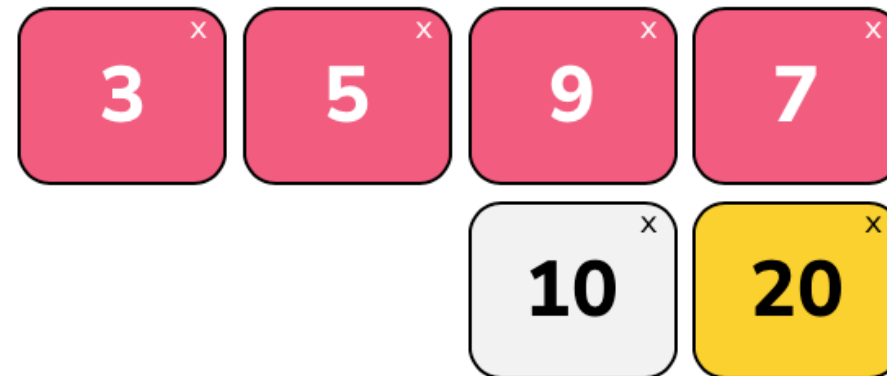

Make this a button like:

Remove 'Finish Scanning' button

Welcome back,
Asparagus 

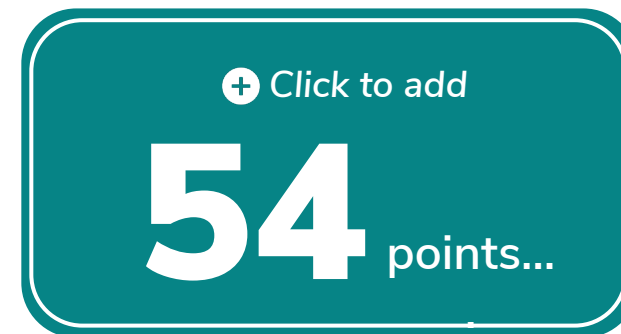

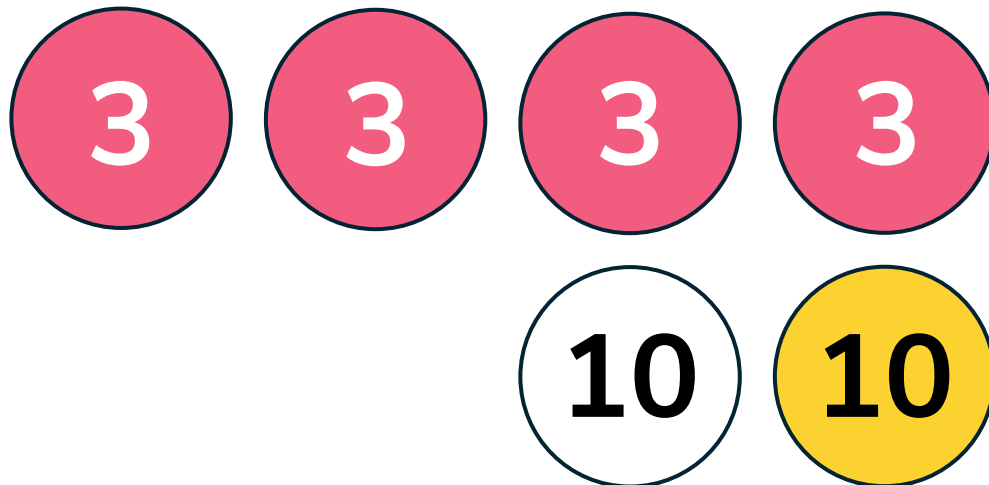

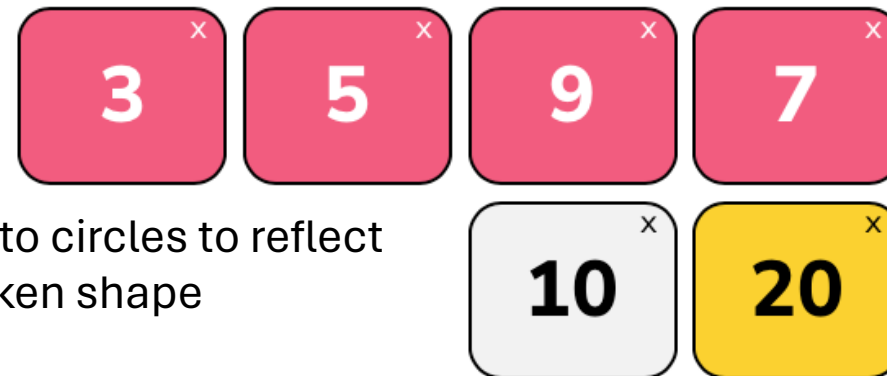

Start scanning your points cards

Welcome back, Asparagus 🖐️

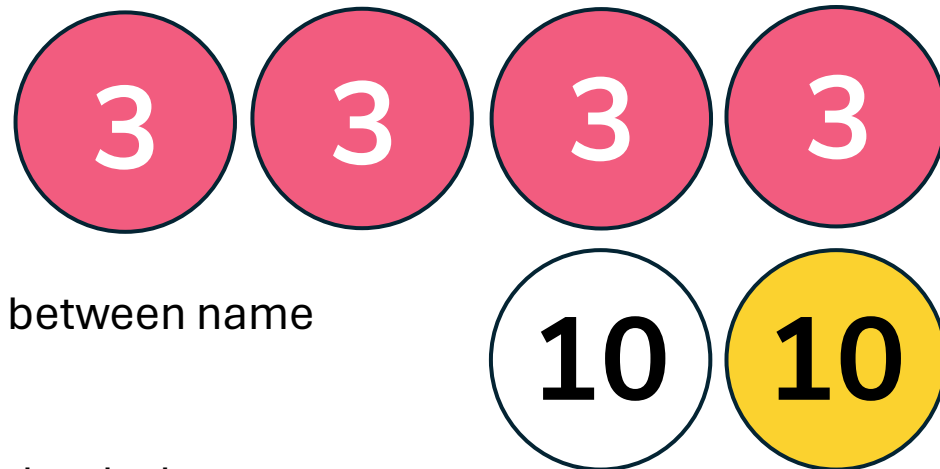

Start scanning your points cards

Make these into circles to reflect
new points token shape

Welcome back,
Asparagus 

Start scanning your points cards

More line spacing between name
and “start...”

Ensure when page loads, box
becomes active ready to scan.

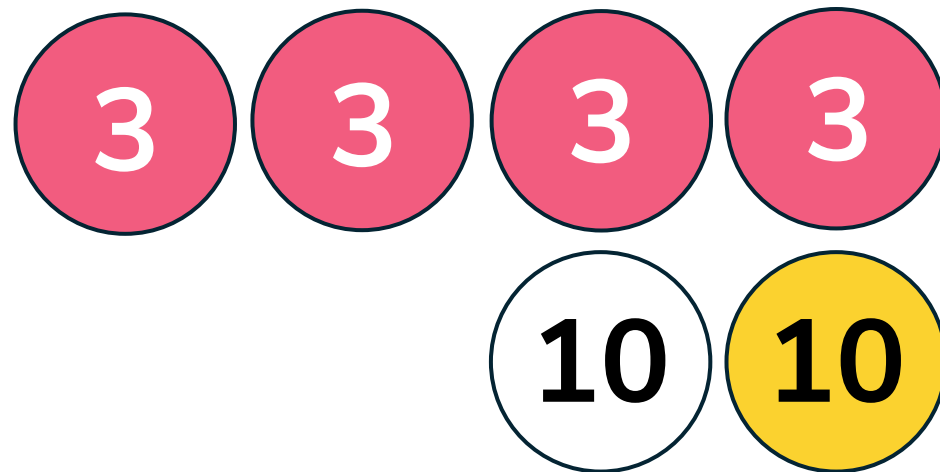

Increase “start...” font size

Change colour to black. Increase
font weight

Welcome back, **Asparagus** 🖐️

Start scanning your points cards....

Click here if your points do
not scan, then try again

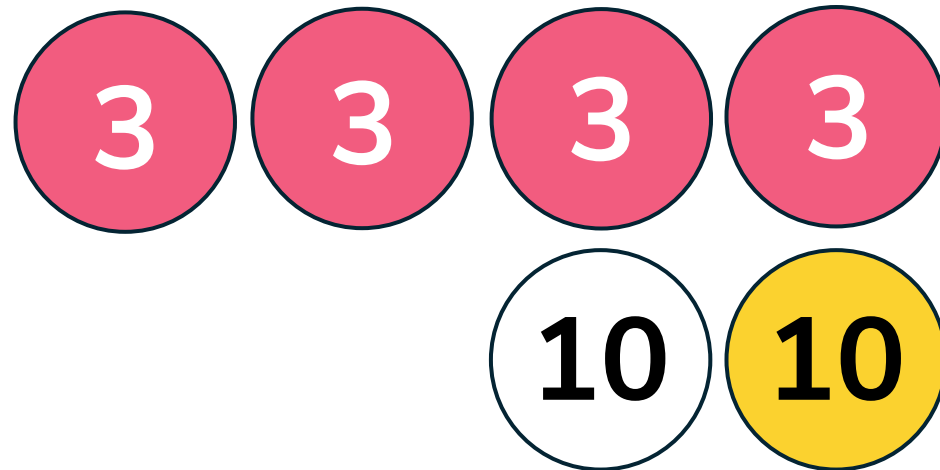

Add new button, that when
clicked, makes the scanning box
active again. Stops kids clicking
elsewhere on the screen by
accident, then cards don't scan

Big ask, but is it possible to show
user photo? Purple Border

Welcome back,
 **Asparagus** 

Start scanning your points cards....

Click here if your points do
not scan, then try again

+ Click to add
54 points...

Scan your wristband to start...

Increase font sizes

Nunito Sans Black

Nunito Sans Bold

Scan your wristband to start....

Scan your wristband to start....

Click here if your wristband
does not scan, then try again

On this page, every 10 seconds,
resets to scanning box active
